Rapid River Class IV - This river is a legendary adventure among paddlers. However, it is so remote that many commercial outfitters stopped running it years ago. As one of the closest Class IV river adventures to Boston, this trip fills up fast! Let us transport you from our base in Errol, NH through the deep woods to an adrenaline packed adventure. This trip starts out with a gorgeous 30 minute, 1.5 mile paddle across "Pond in the River" where your experienced Maine Guides will teach you how to paddle the raft. From there, it's all downhill (which is a good thing if you are rafting)! Rapid after rapid with successively increasing intensity for nearly 4 miles is what gives this river its legendary status. Holes the size of SUV's and towering waves will have you asking when we can go again!?! Finish off the river trip with a relaxing raft tow across the pristine Lake Umbagog. Lunch is enjoyed when we arrive back to base. Due to the remote and extreme nature of this trip, only those ages 12+ are permitted to participate in this trip. There are very few evacuation points, once you start you are committed to the entire journey! The cost is \$115 per person on Fridays and Sundays and \$125 per person on Saturdays. This trip meets at 8:00am and 10:00am. Price includes: a guide, safety gear, comfort gear, transport to the river put in from our raft base in Errol, NH, a light snack and a meal.
